

# THE BEST PARTNERSHIPS SHARE A PATH TO A COMMON GOAL.

**Perfect partnerships don't happen by chance,  
they develop over time.**

Since 1996, Finance 500 has acquired and retained deep relationships with thousands of client partners in the business of banking. Much more than a brokerage firm, we offer a wide variety of products and services to help our clients meet growth objectives and address the ever-changing market environments:

**Brokered Deposits  
Managed FDIC Insured CD Portfolios  
Managed Bond Portfolios and Analysis  
Enterprise Risk Management Consultation**

Sharing a path to a common goal brought us to our clients. Being trusted partners keeps them loyal to us.
